

The health and wellness of our Guests and Associates is a top priority, and we wanted to share some actions we are taking to ensure everyone's continued safety since reopening our dining room. We are following all local ordinances regarding occupancy limits and dining restrictions.

In addition to continuing to maintain our high level of cleanliness and sanitation practices we are taking extra precautions to help ensure your safety. This includes:

- Ensuring proper social distancing is maintained in our restaurants when required per local ordinances
- Cleaning and sanitizing all surfaces and pens after each use
- Requiring all Managers and Associates to wear face coverings
- Cleaning and sanitizing all high touch surfaces, door handles throughout the day, and leaving front doors propped open (where allowed) or opening them for you whenever possible to minimize contact
- Visible hand sanitizer near entrances and in restrooms
- Using single-use disposable menus or digital menus
- Not permitting Associates or Guests with fevers or symptoms of COVID-19 into our restaurants
- Daily Self check requirements for all associates
- Where required by state and/or local ordinance, all Guests shall wear a face covering while waiting for a table or during service and will be required to pack their own leftovers.

We look forward to serving you,

Jon, Angela & Anthony and all the Lucco Staff
